

YOUR **VOICE** AT LUMIA CARE

Join our Client and Carer Advisory Group

If you're a Lumia Care client or participant, family member, carer or supporter, you can join our Client and Carer Advisory Group to share what matters to you and help shape our services.

Your voice can make a difference

By getting involved, you can:

- ✓ help make our care, support and information clearer and easier to use
- ✓ tell us what's working well and what could be better
- ✓ review information before we share it
- ✓ share your experiences and ideas

The group meets approximately every three months, and you can choose how often you'd like to take part.
