Stressless® Philip

Stressless® Philip

Stressless® Philip features a tall backrest that will appeal to those looking for high back support. With a modern, wing back design, the backrest also offers more curvature than other models, tapered to embrace your body for an enhanced sitting experience. Crafted with light and airy qualities, Stressless® Philip combines characteristic stitching to enhance its soft shape with an open armrest, allowing its organic shape to be appreciated from all angles. With extra cushioning and defined piping, this recliner embodies all the premium details you have come to expect from a Stressless® design and is sure to be a cherished piece in your home. Designed to be enjoyed and passed down to future generations to come.
