

DESCRIPTION

Designed for luxurious comfort and indulgent relaxation, the Sleepmaker Chateau Plush Bed offers a softer, more enveloping sleep experience. With enhanced surface cushioning, it provides deep comfort while minimising pressure on the shoulders and hips—ideal for those who prefer a plush, gently cradling feel.

The Chateau combines carefully selected natural and advanced materials to create a comfortable and breathable sleep environment. Aloe Vera infused fabric and luxurious alpaca quilting enhance surface softness, while ComfortKool technology supports temperature regulation throughout the night. Beneath the surface, FusionGel, natural latex and Dunlop foams work together to deliver responsive comfort and support. The Smartcoil five-zoned spring system features an intelligent dual-stage coil that responds independently to body weight and shape, promoting optimal spinal alignment and back support.
