To celebrate ABC Bullion coming to Perth, we invite you, as our guest, to attend a Welcome Reception in the building that houses our beautiful Perth Office. As a terrific networking opportunity and a chance to view our complete list of services, this is an event not to be missed.

Meet our CEO Janie Simpson and pick up a few tips as Chief Economist, Jordan Eliseo briefly discusses why, despite a few recent corrections, gold and silver continue to be a compelling investment.

“ I'm really looking forward to coming to Perth to talk to our clients and potential clients about the ongoing opportunities in precious metal investment. Despite last year's correction, physical gold and silver have not lost their safe haven qualities, and the fundamentals underpinning them are as strong as ever. Going forward, they provide a unique opportunity for anyone looking to diversify and protect their wealth, something astute investors are focused on. More than that, with considerable upside potential, they also offer an opportunity for profit in a world with few attractive investment choices. ”
